The Landlord will return your deposit within 30 days of the end of the tenancy, provided you have returned all the keys, you have paid all the rent and bills, you have left the property clean and tidy and you have kept all the conditions and agreements of this contract. If you do not do so, the Landlord may take from your deposit any money legally owed by you and the reasonable cost of making good any damage not caused by fair wear and tear. The deposit is not transferable in any way and you cannot use this deposit to pay any rent.

The deposit will be held with the landlord who will hold it for the tenancy period and return all monies at the end of the Tenancy Agreement. It is the responsibility of the Landlord to ensure that the deposit is held in accordance with current legislation. In the event that the total amount owed by the Tenant(s) at the end of the tenancy exceeds the deposit, the Tenant(s) shall pay the Landlord/Agent the further amount within 14 days of the request being made.

The Tenant(s) agrees with the Landlord:

(1) To pay the rent in advance of the due date by standing order. Any other payment arrangements must be confirmed in writing.

(2) The Tenant(s) will pay the rent at all times and in the manner specified. If rental becomes more than 14 days overdue then the Landlord/Agent may charge a default fee, in a sum not exceeding interest at more than 3% above the Bank of England's annual percentage rate, for each day that the payment is outstanding.

(3) To pay for all bills relating to the property that apply during the period of the tenancy, including gas, electricity, water, council tax, telephone bills etc. **(This clause may not be applicable if rent is inclusive of specific bills. It will be stated on the final page of the contract which bills, if any, are inclusive. If bills are included there is a cap set on the gas and electric of £8.00 per tenant per week. If tenant(s) exceed this amount they will be liable to cover any excess charges. If bills are inclusive tenant(s) are also responsible for emailing the Landlord/Agent meter readings for the property every month).** If the Tenant(s) holds full time student status it is their responsibility to ensure the correct exemption paperwork is delivered to the relevant council.

(4) Should the Tenant(s) wish to subscribe to additional services, such as broadband, then they must inform the Landlord/Agent and installation will be at their own cost. Where a card meter is installed for the gas supply, the Tenant(s) must ensure the gas is not allowed to run out. If this occurs, the central heating system may need to be restarted by a gas engineer.

(5) To avoid unnecessary costs, within the first 7 days of the tenancy, it is the responsibility of the Tenant(s) to read and record all meter readings, to inform the relevant supplier, as well as the Landlord/Agent, of these readings and ensure all bills are in the correct names of the Tenant(s). The Landlord/Agent will not be responsible if this is not adhered to and Tenant(s) will be liable for any costs that may be incurred as a result. The Tenant(s) must read the meters at the end of the tenancy and give these to the supplier, as well as the Landlord/Agent, along with a forwarding address for the final bill to be sent to them. The Tenant(s) are not allowed to change the gas, electric, telephone or internet supplier without the consent of the Landlord/Agent of these changes in writing.

(6) The Tenant(s) must deliver any correspondences intended for the Landlord to the Landlord/Agent's correct address (stated on the contract) without delay.

(7) The Tenant(s) must maintain the fixtures, fittings and furniture and not break, damage or remove any of them from the property. Storage of items of furniture not required at the house will not be provided by the Landlord/Agent unless otherwise agreed in writing.

Signed Tenant(s).....

(8) To keep the inside of the house and any exteriors included in a clean and tidy condition. It is the Tenant(s) obligation to maintain the gardens front and back and the Tenant(s) may have to hire their own tools to do this. The Tenant(s) must also make sure that all rubbish is safely disposed of each week on the proper collection day and must follow any directions or guidance issued from time to time by the Local Authority.

(9) Washing of any kind cannot be dried in the property, unless done so in a suitable room that is correctly heated and ventilated. To avoid the build-up of condensation and mould the Tenant(s) must make sure the property is always kept adequately ventilated and heated which includes following reasonable guidance provided by the Landlord/Agent for this purpose.

(10) The Tenant(s) must keep all the drains, pipes, toilets, sinks and baths clear of household waste and leaves. Waste at the property should be disposed of in an appropriate manner therefore no nappies or sanitary products must be put in the toilets, sinks or drains.

(11) The Tenant(s) must repair or pay for the cost of repair for any deliberate damage or any damage caused by carelessness or neglect caused by them, or anyone else staying or visiting the property. The Tenant(s) must immediately report any broken windows, fixtures and fittings; the cause will be investigated, and the cost charged as appropriate to Landlord or Tenant(s).

(12) Not alter or add anything to the structure of the property, or to the furniture and fittings. The Tenant(s) must not bring anything into the property that does not conform to the Furniture and Furnishing Fire Safety regulations. The Tenant(s) must not do anything, that causes damage to the walls, including use of any tape, pins, re-usable putty or other adhesives; and they must not redecorate any part of the property without the written permission of the Landlord/Agent. Tenant(s) will be liable for any damage caused to the walls and paint during their tenancy with the exception of fair wear and tear.

(13) To inspect the property within the first 7 days of the tenancy so that any problems or difficulties can be resolved quickly. It is the Tenant(s) responsibility to ensure within the first 7 days of the tenancy that they have completed and signed a valid inventory of all fixtures and fittings relating to the property and its condition. If errors or deficiencies are not reported to the Landlord/Agent within the first 7 days of the commencement of the tenancy, then Tenant(s) may be charged from the deposit when they vacate the property. If an error/deficiency is highlighted on the inventory but later rectified, then the remedial work negates the original deficiency. If Tenant(s) do not complete or sign an inventory within the 7 day period specified above, they agree that they do not wish to make any changes to the inventory and that they legally accept that the property condition, its fixtures and fittings are as described in the Landlord/Agents inventory.

(14) To permit the Landlord/Agent to keep keys for the property and allow them access to carry out repairs, inspections, and safety checks at the property. 24 hours' notice will be given before a visit is made, or alternative arrangements can be made. Tenant(s) understand and accept that instances may occur where prior notice cannot be given and the Landlord/Agent must gain entry to the property e.g. in the case of an emergency. The Tenant(s) permit the Landlord/Agent to enter and view the property with groups of prospective Tenant(s). The Landlord/Agent will always endeavour to give 24 hours' notice or make alternative arrangements.

(15) Tenant(s) agree to take the property as seen when viewed. Should any improvements be requested then this request should always be put in writing to the Landlord/Agent for approval at their discretion. If improvements are requested after the terms of tenancy are signed, then they will be submitted to the Landlord/Agent for approval at their discretion. If the request is approved, the Landlord must complete the work within a reasonable period. There will be no compensation (monetary or otherwise) offered whilst improvements pre-agreed with Tenant(s) are carried out at the property (unless otherwise agreed in writing).

Signed Tenant(s).....

(16) During the course of the tenancy the Tenant(s) must inform the Landlord/Agent immediately of any repairs or work that is required at the property. Problems of any kind must be reported and documented in writing to the Landlord/Agent in the first place by the Tenant(s) to avoid further damage or costs to the property.

(17) Tenant(s) agree the Landlord/Agent will endeavour within 14 days to carry out or make arrangements for minor repairs and cleaning in the property, from the date the Tenant (s) move in and report the issues. Work will be carried out in respect to the severity of the issue. Dealing with maintenance issues may be dependent on the Landlords approval, attaining fixtures and/or any reasonable unforeseeable events.

(18) Not tamper with or damage any of the fire or safety precautions at the property, including fire doors and the smoke detector system. Tenant(s) must test all smoke detectors fitted in the property on a regular basis. The Tenant(s) will be responsible for the cost of repairs if smoke detectors have been damaged, disabled or removed, and for all costs incurred if the alarm has been rendered inoperative and there is subsequently a fire at the property. All corridors and exit doors must be kept free from obstacles in case there is an emergency. It is the Tenant(s) duty to immediately inform the Landlord if there is any malfunction of appliances or any impediments to the above safety precautions. The Tenant(s) must replace any vacuum bags, batteries, bulbs, disposable filters etc. during the tenancy and ensure all appliances, fixtures and fittings are in working order at the end of the tenancy. It will be chargeable to Tenant(s) if the Landlord/Agent is made to do this on their behalf.

(21) To leave the property at the end of the tenancy in the same condition as stated on the inventory. At the end of the tenancy all furniture and effects should be placed in the same positions as they were at the start of the tenancy. The Tenant(s) must leave the property in a clean and tidy state and pay for the repair or replacement of any of the fixtures, fittings or furniture damaged or broken during the tenancy. Tenant(s) will not be held responsible for reasonable wear and tear caused by everyday use, or damage by risks covered by the Landlords insurance (for example fire and flooding).

(22) All rubbish must be removed from the property and all sets of keys must be handed over to the Landlord/Agent by 12 noon on the last day of tenancy. If any keys are lost, handed in late or damage is caused to any security device, the Tenant(s) may be liable for any reasonable costs incurred by the Landlord/Agent. Removal of any refuse from the property due to failure or, neglect on behalf of Tenant(s) will also be chargeable to Tenant(s).

(23) The Tenant(s) must not sublet the property or any part of it without the written permission of the Landlord or the Agent. If any Tenant(s) leave during the fixed term tenancy they must notify the Landlord in writing and he/she must continue paying full rent until he/she find an approved replacement. Any Tenant(s) leaving are responsible for finding a suitable replacement and gaining the consent of all remaining Tenant(s) and the Landlord/Agent. The original Tenant(s) is still liable and bound to the rights and responsibilities of the contract until the replacement Tenant(s), is agreed upon in writing by all parties, completes all payments and paperwork. The Tenant(s) leaving the contract will be liable for an administration charge of £50.00 which must be paid before the replacement Tenant(s) can be added to the contract.

The Tenant(s) possessions are not covered by the Landlords insurance and Tenant(s) are advised to have their own adequate insurance for any items left at the premises. The Tenant(s) must not do anything that may violate or increase the premiums on any insurance on the property.

(26) If the Tenant(s) leaves anything on the premises after the term of the tenancy, the Tenant(s) agrees that this can be disposed of by the Landlord/Agent and the Tenant(s) indemnifies the Landlord/Agent against all liability in this.
